MC- RELEASANT

Form Release Oil

Description :

Mix of special metal oils plus additives

Uses :

Anti adhesion oil paint for metallic or wooden concrete forms to achieve clean concrete surfaces .

Advantages :

- ◆ Prevent adhesion between concrete and forms .
- ◆ Protect metal forms from corrosion and rust .
- ◆ Achievement of clean concrete surface .
- ◆ To prolong life time of wooden forms .
- ◆ Doesn't affect bond between concrete and finishing layers .

Specifications :

Appearance	: Brown color Oily Liquid .
Density	: 0.84 Kg / litre at 20°C
Storage	: 2 years in sealed Drums
Packaging	: 210 liter drums
Rate of use	: Metallic forms 1 litre per $50 \text{ m}^2 \pm 10 \text{ m}^2$ - Depending on surface Condition Wooden forms 1 litre per $25 \text{ m}^2 \pm 5 \text{ m}^2$ - Depending on surface Condition

Method of using :

Surface preparation	: Surfaces of forms must be clean from concrete and rust or greasy materials .
Metal forms	: apply one coat for new or used forms .
Wooden forms	: Apply one coat for used forms directly before using . Apply tow coat for new forms directly before using .
